

## Registered Certified Backflow Device Testers

All backflow prevention assemblies installed at commercial facilities must be tested annually. This testing must be performed by a Plumbing or Mechanical Contractor who is certified by the State Plumbing Board and who has had their test gauge certified within the current calendar year.

**We require that all device test results be submitted using our web-portal as we no longer accept device forms by email, mail, or fax.**

Below is a list of companies (as of July 2020) that have previously tested in the Zeeland BPW Area. This list is provided as a courtesy and is not intended as an endorsement; the businesses listed below have no affiliation with ZBPW. It is the responsibility of the facility owner to hire a contractor and pay for any services rendered. It is recommended to call more than one contractor for price quotes and comparisons before making a selection.

Accutest of West Michigan	616 531-9106	Hurst Mechanical	616 784-4040
Action Plumbing	616 877-4055	Macatawa Plumbing, Inc.	616 772-0388
